

About the Crime and Justice Institute

WE DRIVE BOLD, TRANSFORMATIVE IMPROVEMENTS IN JUSTICE SYSTEMS.

What We Do

We partner with agency leaders and practitioners across the nation to achieve better outcomes for the communities they serve.

CJI provides technical assistance to entities across the justice system:

Corrections

Policing

Pretrial
Justice

Community
Supervision

Reentry

Youth Justice

Our Values

We're united by our values — they shape our attitude and drive our work.

- Collaboration
- Data-driven
- Diversity, equity, and inclusion
- Continuous learning
- Impact
- Excellence
- Racial equity

Our Work

We utilize a comprehensive approach to build sustainable change for adult and youth justice systems across 45 states. As a result of CJI's data-driven, evidence-based strategies, these states have made significant strides toward providing effective options and results for the communities they serve.

Improving Public Safety

CJI provides nonpartisan training and technical assistance, research, and other services to improve responses to justice and behavioral health issues and prevent deeper and repeated system involvement.

Joining Research and Practice

Our team of experts brings decades of experience developing evidence-based, data-driven policies and practices to bridge the gap between research and practice. We manage complex processes with diverse stakeholders, apply effective implementation strategies, and evaluate effectiveness of new practices to propel organizational change.

Working with Partners

As a nonprofit organization, we partner with governors, state agencies, legislative leaders, courts, corrections systems, law enforcement, private foundations, and more.
